## FIRST ASIAN ISLAMIC CONFERENCE

1-3 - SHABAN 1398 A. H.

6-8, JULY 1978

KARACHI - PAKISTAN

Qadianism or Ahmadism: ✓

185.

Qadianism is a destructive religious doctrine which hides under the guise of Islam in order to conceal into mischievous and malicious ends. Its most un-Islamic allegations are:

- a) Its leader's baseless claim to prophethood.
- b) Distortion of Quranic texts.
- c) Falsification of Jihad (Fight in the cause of Islam)

Qadianism is the step-daughter of British imperialism; it survives only under his guardianship and protection. Qadianism does not faithfully serve the causes of the Muslim Ummah; it is blindly devoted to imperialism and Zionism, and wholeheartedly supports anti-Muslim powers and policies. It even utilizes the anti-Muslim powers in order to pull down and disintegrate the basic principles of Islamic belief. Qadianism persistently endeavours to attain such malicious and mischievous ends through:-

- a) The foundation of temples where people are misled and misguided by Qadianist anti-Muslim thoughts and beliefs. Anti-Muslim powers financially subsidize and support these temples.
- b) The establishment of schools, institutes and orphanages where Qadianist destructive practices flourish in the interests of anti-Muslim powers. Furthermore, Qadianism has published several misinterpretations of the lofty and subtle meanings of the Holy Quran in different languages. In order to challenge the eminent dangers of Qadianism, the Conference has passed the following resolutions

- 1- Every Muslim body, organization or association should minimize the Qadianist practices in their temples, schools and orphanages and in all other places where Qadianist practices take place. They should also pick out and chase Qadianists, and warn the whole Muslim world against their

evil practices lest they should fall in their trap or give in to their evil machinations.

- 2- The Qadianists should be proclaimed atheists and non-Muslims.
- 3- No commercial engagements should be effected between Muslims and Qadianists. Muslims should boycott Qadianists economically, socially and culturally. Inter-marriage between Muslims and Qadianists should be stopped at once. Qadianists should not be allowed to bury their dead in Muslim cemeteries; they should be treated and looked upon as steadfast atheists.
- 4- All Muslim states are invited to stop all evil practices of the followers of Mirza Ghulam Ahmed who claims prophethood; they should be regarded as a non-Muslim minority and denied effective and sensitive posts of the state.
- 5- Illustrations of all distortions in the texts of the Holy Quran should be published. Qadianist misinterpretations of the meanings of the Quranic verses should be minimized and not put to public use.
- 6- All non-Muslim groups who have deviated from the true Muslim path should be treated on equal terms with the Qadianists.

#### Bahaism

- 1- Bahaism is a non-Muslim religious sect who claim that their new prophet has, with the most sacred of books revealed to him, cancelled and turned ineffective all preceding heavenly books.
- 2- Bahaism calls for the establishment of a universal language and a universal government, and for complete equality between the two sexes.
- 3- It's central headquarters is in the city of Alre in occupied Palestine where there is also its supreme council.
